

GFP-Tag Monoclonal Antibody

#T505

Catalog Number: T505

Amount: 100µg/100µl

Form of Antibody: Mouse ascites with 50% glycerol and 0.02% sodium azide.

Storage/Stability: Store at -20°C/1 year

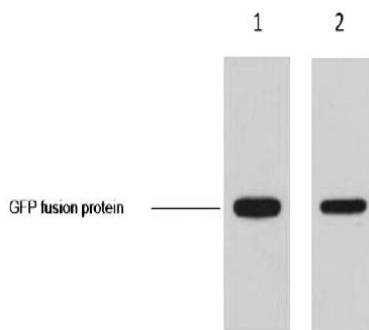

Isotype : IgG1

Immunogen: Full-length GFP protein

Specificity/Sensitivity: GFP-Tag Mouse Monoclonal antibody detects endogenous levels of C-terminal, internal, and N-terminal GFP-tagged proteins.

Reactivity: All

Applications: WB:1:3000 -10000 IHC:1:200 IF/ICC:1:200

Western blot analysis of PET-28a RFP recombinant protein expressed in E.coli, using GFP-Tag Mouse Monoclonal antibody (lane 1: 1:5000; lane 2: 1:10000).
